

Sightseeing on Hallig Hooge

"Man and Mudflats" Center, Hanswarft

Experience the versatile relationship between man and nature in the world of the biosphere Hallig and the National Park. The centre of the exhibition is the tide aquarium as well as our mudflats workshop.

Johannis Church, Kirchwarft

Touristikbüro der Hallig Hooge: Sightseeing on Hallig Hooge

The Hallig church was built in the 17th century. On display are many works of art from Master Ringling. Many of the displays are a reminder of the vast number of storms that took place on the isle.

Königspesel, Hanswarft

The "Königspesel" is a 18th century Friesian living room with original faience pieces. It provides a glimpse into the past of how previous generations of seafarers lived.
